	<i>Contact person</i>		<i>Instructor</i>		

Number of years working for the State	2	Number of years a full MGEC member	1.5
---------------------------------------	---	------------------------------------	-----

Why are you running an MGEC office?

I want to be involved in MGEC and have a better understanding of how the bargaining process works. In addition, I believe that my contributions would be valuable.

Additional information you want to share with members:

I am currently a Graduate Engineer – Trainee nearing the end of my rotation so if elected I would likely be converted to a Grad 2 and eventually a Senior Engineer within the term. Prior to entering MnDOT’s Grad Program I held student worker positions for MnDOT and Metro Transit. I currently have a Bachelor of Civil Engineering and Master of Science in Transportation

Engineering from the University of Minnesota and will shortly have a Ph.D. Throughout my studies I served on several student organization boards and worked with several professional engineering organizations. As a recently married individual planning on having children in the next few years work-life balance is a high priority for me.
