---------------------------------------	---	------------------------------------	---

Why are you running for an MGEC office? I would like to continue to offer the perspective of the younger (relative to many others in MGEC) members who look at benefits and their career goals differently. Over the last 2 years on the board I have enjoyed being able to reach out and educate the younger members of MGEC about the union and then been able to bring those member's thoughts and opinions back to the board.
