---------------------------------------	---	------------------------------------	---

Why are you running for an MGEC office?

I'm very proud of the work we've done over the last few years on the MGEC board. We have ensured our organization will be financially strong for years to come, modernized our policies and operations, and continued our work to represent engineers and related professionals throughout the state. I've loved serving as President, and feel I still have more to give!

Additional information you want to share with members:

I graduated from the University of Minnesota – Twin Cities in 2019 with a degree in chemical engineering and a minor in political science. I'm originally from Anchorage, Alaska, and I enjoy walking, cycling, and refereeing hockey, lacrosse, and soccer. Feel free to reach out any time with questions!
